RECIPE OF THE WEEK

Elaine's Pull-A-Part Bread

2 pkgs. dry yeast
1 cup lukewarm water
1 cup boiling water
1 cup shortening
¾ cup sugar
1 ½ teaspoons salt
2 beaten eggs
6 cups all-purpose flour
1 stick butter, melted

Dissolve yeast in lukewarm water. In large bowl, pour boiling water over shortening and dissolve.

Add sugar, salt, eggs, flour and dissolved yeast. Mix well and refrigerate overnight. Roll dough out to about ¼ inch thick. Cut with biscuit cutter. Dip each biscuit into melted butter and stack in two greased bundt pans. Let rise about 2 to 3 hours. Bake at 350° for 30 minutes.

When serving, just pull apart. Great taste! This makes 2 bundt pans of delicious hot bread.

Thanks to Elaine Moore for sharing this delicious recipe with us.

Letter

A big thank-you

Editor:
To the people of Appomattox County, New Hope Baptist Church and the friends of Dorothy Hastings of Appomattox County

Our father, Benjamin Hastings passed away on February 28 and was buried at the New Hope Baptist Church Cemetery.

We would like to thank all of you for your generosity, your kindness and understanding and most of all your moral support and love for your fellowman. I speak for all four of Benjamin's and Dorothy's children when I say that we have never met a finer and more caring group of people in our lifetime.

You are all a credit to your community and to your fellowman. We would like to thank the Superior Florist for their kindness and understanding when it was most needed. Their floral arrangements were beautiful, bright and fresh and they can be proud of their business.

Thank you people from the bottom of our hearts and may God bless and keep all of you.
Creighton Hastings, Janet Averill, Warren Hastings, Roger Hastings and their families.

Students in Exploratory Home Economics have been studying money management and consumer awareness. The following excerpts are from "news articles" written by 7th graders.

Cheryl Austin - To all of you people that love to spend money, you should be careful of what you spend it for and make sure you get your money's worth. "BE A WISE CONSUMER".

To be a wise consumer there are seven things you should consider.

Emily Shea - Evaluate Advertising - Here you should look beyond the advertisement to the product. Ask yourself: "Is this really as good as they say it is?" You should think about ways in which the product is good and in what ways it is bad.

Lisa Daubenspeck - Before you purchase anything (major) **check up on it.** Go to the library, look in a Consumer catalog or some other resource.....to find the different kinds, styles, best guarantee,

Abernathy honored

Senior Shane Abernathy was honored last week, with the announcement that he had received honorable mention in voting for the 1981 Region III All Star basketball team.

Jerry Davis, a junior from Gretna, was also cited for his performance during the 1981 basketball season, and received a place on the first team All Star squad for Region III basketball.

Lincoln Wood, a junior from Rustburg, and Jim Elliott, a senior from William Campbell were named to the second team Region III All Star squad.

Other players from this area who received honorable mention in the voting for the Region III All Star team were Robbie Myers, a senior from Altavista, and Micha Moon, also a senior from Altavista.

Joe Wilkes, a Charlotte County artist, gave a demonstration to Susan Williams' gifted and talented art class and Beth Lawson's Art Club and sixth-grade class recently. He painted a waterscape, demonstrating the techniques of acrylic painting for the students.

Susan Booker - Next Take Your Time when you are buying. It is always better to shop around and get your time and money's worth. Don't buy the first thing you see.

Always Examine the workmanship of the product you are buying.....

Always buy from a store you trust. Even if it takes driving a couple extra miles it's worth it....

Before buying a product, always **study** the label very carefully, reading the fine print.....

Emily Shea - Compare Prices and services - you should compare all the different prices and services so you can get the best buy on that certain product. Another reason that you should compare these things is so that you can find out which stores have the best services and services. These will be the places with the best quality, too....

Susan Booker - Sometimes, even after we've tried to be careful, we buy defected products. Then what do you do? You **complain,** of course! And here's how to go about it. First, you take the defected merchandise **and receipt** back to the store you bought it from and locate the person who waited on you. And, hopefully, they will help you. Yet sometimes they won't (even if you've been especially polite!) So you then take it to the manager. You again explain your problem in detail politely. A lot of times, the manager understands and gives you a refund or a new product, but sometimes they don't. Therefore, you take your problem to the manufacturer. You go about this by writing them a polite letter, giving details and asking them for their help. Along with the letter you send the d'fected product and your receipt. This is usually the end of most people's problem.....but some have to go as far as the "Better Business Bureau" (or a related organization that's trusted). (Note: your last resort can be small claims court.)
